

FISCAL NOTE

SB 2997 - HB 2910

April 6, 2000

SUMMARY OF BILL: Changes the planning period from 20 years to 10 years for designation of urban growth boundaries, planned growth areas and rural areas under the Comprehensive Growth Plan statutes.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Increase Local Govt. Expenditures* - Exceeds \$100,000

Estimate assumes:

- the state will experience a not significant increase in expenditures from the costs to the Local Government Planning Advisory Committee to reconsider plans.
- local governments will experience a significant increase in expenditures from the costs of having to reformulate and reconsider plans.

For information purposes, the Tennessee Advisory Commission on Intergovernmental Relations estimates that two-thirds of the counties in Tennessee have progressed to the point of voting on proposed growth plans. Under the provisions of this bill, those counties would have to reconsider those plans and potentially start the entire process over again.

**Article II, Section 24 of the Tennessee Constitution provides that: no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
